

QuickStart Tennis is an exciting new play format for learning tennis, designed to bring kids into the game by utilizing specialized equipment, shorter court dimensions and modified scoring, all tailored to age and size.

It's the fun way to get kids into tennis !!!

The Equipment and Court

- A foam ball moves slower, bounces lower and travels less distance
- The racquet is 19", 21", or 23"
- The court is 36' x 18'
